

JASON PHILLIPS

CYBERSECURITY | TECHNICAL SUPPORT | SECURITY OPERATIONS

Longview, TX • (903) 235-5223 • jason.phillips0615@gmail.com • github.com/jphillips0615

PROFESSIONAL SUMMARY

Cybersecurity student and experienced operations leader transitioning into a technical career. Building hands-on capability across Windows, Linux, networking, Active Directory, web application security, virtualized labs, troubleshooting, and security tooling. Brings more than a decade of leadership experience with a strong record of issue ownership, clear communication, team coaching, documentation, and solving problems under pressure.

TECHNICAL SKILLS

SECURITY

Web application security, vulnerability assessment fundamentals, access control, authentication, security operations

SYSTEMS

Windows, Windows Server, Linux, Active Directory, virtual machines, command-line administration

NETWORKING

TCP/IP, DNS, DHCP, IP addressing, routing fundamentals, network troubleshooting

TOOLS / DEVELOPMENT

Burp Suite, VirtualBox, Git/GitHub, Kali Linux, Parrot OS, SQL, Python fundamentals

HANDS-ON CYBERSECURITY & PROJECTS

- Active Directory Homelab - Building and troubleshooting a Windows Server + Windows client domain environment with DNS, users, groups, authentication, domain joining, and network configuration.
- Web Security Training - PortSwigger Web Security Academy labs using Burp Suite to inspect HTTP traffic and practice topics including path traversal, access control, authentication, and request manipulation in authorized lab environments.
- Cybersecurity Simulation Platform - Developing a concept and technical architecture for dynamic red-team / blue-team training scenarios, event tracking, decision analysis, and post-scenario performance review.
- TryHackMe / Security Research - Completed the Pre Security learning path in May 2026 and continues hands-on labs, bug bounty learning, reconnaissance practice, and security research.

PROFESSIONAL EXPERIENCE

General Manager | Burger King 09/2021 - 11/2024

- Led daily operations and customer service in a high-volume environment; resolved escalated issues, prioritized urgent problems, coordinated resources, and maintained service and quality standards.
- Coached employees, communicated expectations, documented performance issues, and supported consistent execution across shifts.

General Manager | Taziki's Mediterranean Cafe 02/2016 - 07/2021

- Managed customer experience, employee support, scheduling, training, and day-to-day problem resolution while maintaining accountability for business results.
- Improved consistency by reinforcing procedures, coaching staff, and identifying recurring operational issues.

Assistant Manager | Cracker Barrel 12/2012 - 02/2016

- Supported front-line employees and customers in a fast-paced service environment through troubleshooting, service recovery, training, shift leadership, and competing-priority management.

EDUCATION & TECHNICAL TRAINING

Full Sail University | Cybersecurity Program - In Progress

Merit America | Cybersecurity Bootcamp - Attended

Google / Coursera Coursework | Cybersecurity foundations, risk, networking, Linux/SQL, assets, threats, and vulnerabilities
